Dated April 21, 2020

Subject. Stimulus Funds March, April 2020

Congressman Joseph Morelle

I am writing on behalf of the Workers United Retiree Organization. I've had telephone calls from many of our members stating they have not received the Stimulus checks. I did a sample survey and over 50%

have not received their Check by direct deposit or by check. The media has announced checks will be mailed out on April 24, 2020. Many of our Members have not used the website in fear of identity theft including myself!

Here's a few of the questions that they are asking. Who do they contact if they have not received a check? Who is the contact person and please provide a phone number! Are all the checks being mailed out on April 24, 2020? How soon after do we expect to receive a check? Retiree's with a direct deposit are also included in this group asking the same questions!

USA today wrote, William

Cummings on April 20, 2020 . Treasury Secretary Steven Mnuchin Congress and Senate has approved over 350 billion dollars for small businesses all funds have been allocated. These funds were asked for on April 3, 2020 and were exhausted on Thursday, April 9, 2020. The stimulus package for working people has not been completed as of today April 21, 2020! Mr. Mnuchin Is asking for additional funds in the amount of 300 billion more dollars from Congress and the Senate for small businesses and is being very close to being approved for small businesses and hospitals.

Many of the WRO members are in their 70s 80s and 90s who have health related issues! They are in great need of the stimulus for food prescriptions and all other medical supplies and Bills.

Personally I like to thank you Congressman Morelle for your hard work and dedication and your staff at this difficult time in our nation and in the world!
