\*Spotlight Frank Fava, Fava is a member of the WRO. He worked for 41 years at Xerox corporation and most importantly was a member of local 14 A Workers United. Elected positions to Executive Board, Joint Board, Chair PAC Political Action Committee. As an activist and volunteer he has helped many politicians to get elected. He continues to volunteer for phone calls, door to door, literature drops, setting up for fundraisers, raffles and cookouts, meet and greets at neighbors homes. Other achievements were going to Albany to talk to the New York State Senate and the New York State assembly on labor issues, Healthcare, Medicare, Minimum wages, Rent and Supplemental dental and many other labor issues. Fava, a member of the Democratic Party for the last 15 years with his wife, worked diligently getting out the vote during election year. When I asked what the difference was between past elections and this election year, he reply "Zoom meetings". His wife encouraged him to run for Town Justice in Sodus New York, having a labor leader run for any political office is a victory for labor. We should all feel proud of Fava as a member of the WRO Workers United Retiree" organization. We need more labor leaders to run for public office.

Which brings me to this year's election. All the men and women and labor who dedicated and volunteered "GOTV" get out the Vote over the last 40 years are celebrating, "Congratulations to Union Labor"

Sarah Clark New York State Assembly and Samra Brouk New York State Senate on their victories.

The November election 2020 has become the most historical election.
